

HERNAN ARONSON

Financial & Business Analyst | Forecasting & Decision Support

Financial & Business Analyst with 10+ years of experience supporting budgeting, forecasting, variance analysis, and data-driven decision-making in global organizations.

Strong background in financial planning, KPI tracking, pricing, and cost structure analysis, working closely with Finance, Sales, Operations, and Product stakeholders.

Proven ability to improve pricing accuracy (~90%), increase profitability (~10%), reduce operational inefficiencies (up to 80%), and support faster planning and go-to-market cycles (~50%).

Advanced Excel expertise and hands-on experience with ERP/CRM systems (Priority ERP, Salesforce), complemented by formal training in BI, SQL, Python, and analytics automation.
